Exceptionally simple installation.

- 9 holes in an existing rail (Via supplied templet)
- Bolt in TR300
- Cut the rail where template shows to create alive part of the rail.

The TR300 is fully developed through the latest CAD inventor program by Associated Scale Services

TR300 Industrial Overhead Track Scale

This system is manufactured in Australia by Associated Scale Service Pty Ltd.

Material	304 Stainless Steel
Capacity	Normally <ul style="list-style-type: none">• 300kg x 0.1kg• 500kg x 0.2kg (NMI Approvals Pending)
Load Cells	Aluminium Wide Body Single Point Load Cell (108JA)
Physical Size	Rail Length 200mm
Types	300kg system uses 500kg load cell 500kg system uses 750kg load cell

Indicator Commonly Used

Ricelake CW-90X IP69K Indicator (NMI Approved)
