# ASRM Weighing Module

<b>Model</b>	<b>Capacity</b>	<b>Standard Coating</b>
ASRM	For 563YH Tool Steel Load Cells with the capacity from 100kg to 1000kg	Mild Steel Painted

*The Load Cell can also be available in Stainless*

Note: this range of modules was designed for an economic solution to weighing preexisting structures that may have moderate vibration issues.

For Weighing

- Conveyors
- Small Mixers
- Scales on equipment that generate moderate vibration

Exceptionally easy to install as the system comes with a base mount for the load cell and a treaded pin to mount the weigh equipment.
