## ASCI Weighing Module

Model	Capacity	Standard Coating
ASCI-3t	For 563YH Tool Steel Load Cells with the capacity of 3t	Mild Steel Painted
ASCI-5t	For 563YH Tool Steel Load Cells with the capacity of 5000kg	Mild Steel Painted
ASCI-10t	For 563YH Tool Steel Load Cells with the capacity of 10,000kg	Mild Steel Painted

The mount is supplied unpainted as this is to be welded (without the load cell connected) to the weigh bin frame. The nose end of the load cell is to be connected to the weigh bin (live part of the scale).

All hon parts are supplied including the spacer, bolt and double length nut to allow for a simple installation and when needed removal of the load cell.
